Malfunction

Tirzah

Well I'd like to say, "enough, I didn't know"
I thought you said I was always unbelievable
Or is it the same when you're malfunctioning?
Pretty sure it'd be the same thing, I didn't mean

Things you said for love
Things you said for love

You should have more pride right?
Can you just imagine? (Can you just imagine?)

Things you said for love
Things you said for love
Things you said for love
Things you said for love
Things you said for love
Things you said for love
