

Exactly, you did it twice  
And I bought you Prada bags  
You know the price  
I ain't tryna dig you out  
You isn't right  
I ain't tryna show you up  
You know my life

I'm gone  
I'm gone  
I'm gone  
I'm gone

I'm right here in the flesh  
I'm tryna be your man  
You talk like I was the best  
I'm through  
We could put it to rest  
I'm right here back where I started  
You ask if I seen that you called me  
I feel you could see that you lost me  
Don't hit me, saying you're sorry

I'm gone  
I'm gone  
Don't hit me, saying you tried everything  
I'm gone  
I miss you but this isn't  
I miss you but this isn't  
I'm ten toes down in my room  
I'm reminiscing off the perfume  
You said you was busy but tired of me  
You said you was busy but lying to me  
You transformed, feeling like bumble bee  
I know we was close, but the talking ain't what we need  
It's sticky like bubblegum  
The reason I gotta run  
We did it when we was young  
I took for nothing dumb  
They say I shall overcome  
I feel it right from the start  
I'm buggin' like Noah's Ark  
This weighing down on my heart  
At first you was up in the front  
But now you up in the far  
I'm tired of us taking parts  
JoJo, this shit is bizarre  
The money that's for the ring  
I put that up on a car

(Man, fuck this shit, bro)  
(Fuck this shit)

Before I play myself  
Before you get a lease on me  
I think I know my wealth  
I'm right here in the flesh

I'm tryna be your man  
You talk like I was the best  
I'm through  
We could put it to rest  
I'm right here back where I started  
You ask if I seen that you called me  
I feel you could see that you lost me  
Don't hit me, saying you're sorry  
Don't hit me, saying you're sorry  
Don't hit me, saying you're sorry  
Don't hit me, saying you tried everything  
Don't hit me, saying you're bringing over that shit
