WERK!

Yeah you already know

Uh, the club packed and you know this

Uh, her ass fat and I want it

Aye, her ass fat and I want it

Aye, my cup full, I ain't focus

Aye, I mix it up, Hocus Pocus

Aye, I'm with my brothers like Jonas

Aye, bitch we don't give a fuck

Like Tisa said we gon' beat his ass up

Green all around me, never runnin' out of luck

Ain't tryna stomp, but I'm lookin' for a buck

Man, I'm so tired of these streets

I just want a loaf, I already got a meat

She just wanna fuck so you know I'm gonna beat

Wait I heard rumors, she ain't finna burn me

Fuck it, i'mma pass it to my nigga in the front

If he wanna smoke, we ain't talkin' bout a blunt

Niggas got them choppers and machetes in the front

Baby girl, baby girl

Hold on Nacho, lemme spit at this damn ho

She trippin' bro, i'mma bust thru the door

She call my phone talkin' bout "Tisa you know this and that"

Man I ain't tryna hear none of that

Man let's go hit the club

I'm on them drugs nigga [?]
