

Soapy Situations

TisaKorean

I swear
Go, go, go

It's a soapy situation (Soap)
Working so damn hard, no vacation (No vacation)
And my swag is my fucking occupation
It's a soapy situation (It's a soapy situation)
And my outfit all black like a Haitian

Burger and some fries for the combination
I'm not a cop but you can come to my station
You tryna get to know her, I'm tryna work her shoulders
Cookie dough the odor
She callin' me baby but I don't see a stroller
My outfit green but I am not a soldier
She is a box and I'm tryna fold her
Ok, go
Call her up, call it
Call it up, college
Drop it low

It's a soapy situation (Soap)
Working so damn hard, no vacation (No vacation)
And my swag is my fucking occupation (My swag, dawg)
It's a soapy situation (It's a soapy situation)
And my outfit all black like a Haitian
