TisaKorean

Ayy, it's the Club Reefer Don and I need you to grab you a chair, know what I'm sayin'

Slow it down, call up Jasmine

Call, huh, call Tierra, ayy for real

Hah, RiRi

I ain't got glasses but a nigga still can see  
Three plus four, bitch, I'm feeling so weak  
Pull up to the spot, bitch, I'm wired and I'm geeked  
What's goin' up? What's goin' down?  
What's goin' up? What's goin' down?  
What's goin' up? Word around town  
What's goin' up? What's goin' down? Ayy

I'm runnin' with it, watch me quarterback sneak  
Four yards, baby girl's in my reach  
I'm smellin' real good, I switched it to degree  
Your bitch don't want me, ooh, I slightly disagree  
I would vote for you but you're not a nominee  
Her head was so good, I bet she got a PhD  
She not Indian, so why you call her Cherokee?  
'Cause her ass fat, and my dope's fat  
And my rims fat, and my stack fat  
Got a big fat stack in my bag  
Like a rental, when I'm done, I'ma send her back  
It's thirty-four to twenty-eight, watch me come back

I ain't got glasses but a nigga still can see  
Three plus four, bitch, I'm feeling so weak  
Pull up to the spot, bitch, I'm wired and I'm geeked  
What's goin' up? What's goin' down?  
What's goin' up? What's goin' down?  
What's goin' up? Word around town  
What's goin' up? What's goin' down? Ayy

I told her what's goin' up? What's goin' down?  
I told her what's goin' up? What's goin' down?  
What's goin' up? Word around town  
I told her what's goin' up? What's goin' down?  
What's goin' up? What's goin' down?  
What's goin' up? What's goin' down?  
I told her what's goin' up? Word around town  
What's goin' up? What's goin' down?  
I told her what's goin' up? What's goin' down?  
What's goin' up? What's goin' down?  
What's goin' up? Word around town  
What's goin' up? What's goin' down?  
What's goin' up? Word around town  
What's goin' up? What's goin' down?  
What's goin' up? Word around town  
What's goin' up? What's goin' down? Ayy
