

# The History Of Western Civilisation

TISM

You can build an abattoir on Anzac Cove  
You can invade Poland, scream, "Death to the foe!"  
You can cut the ozone layer down by thirds  
Just don't come from the Western suburbs

You go to the disco, the bouncer's a beast  
"You go on in," he says to the boys from the East  
You gotta stay outside with the common herd  
Just don't come from a Western suburb

Just don't come from the Western suburbs  
Out West  
Just don't come from the Western suburbs

Support the Olympics? What a load of merde  
Marry the ugly ug-booted birds  
You're the only one who gets what you deserve  
Just don't come from a Western suburb

Just don't come from the Western suburbs  
Out West!  
Just don't come from the Western suburbs  
Out West!  
Just don't come from the Western suburbs  
Out West!  
Just don't come from the Western suburbs  
Way out West, wa-aay out West  
Way out West, wa-aay out West

You can get your education down at the Tech  
You can never have heard of the proletariat  
Never been there, of course; it's what I'd heard  
I never came from a Western suburb!

Way out West  
Wa-aay out West  
Way out West  
I smell...I stink  
Wa-aay out West  
I got nowhere I can recover my youth  
Way out West  
{I'm so ugly cover your eyes?}... (continues inaudibly)  
Wa-aay out West  
Way out West  
Support the Olympics? What a load of merde  
Marry the ugly ugg bootied birds  
Wa-aay out West  
You're the only one who gets what you deserve  
Just don't come from the Western suburbs  
Way out West  
You can get your education down at the Tech  
You can never have heard of the proletariat  
Wa-aay out West  
Never been there, of course; it's what I've heard  
I never came from a Western suburb!
