

Guilt Trip 2014

TIX

Pack your bags 'cause we're never coming home tonight
Drink up till you can't tell wrong from right

I'm on fire
I'm waiting for my pink slip
Take me higher
I'm going on a guilt trip

Ready to break out and live out a dream
Let's go to the places we've never been

I'm on fire
Waiting for my pink slip
Take me higher
I'm going on a guilt trip
