TIX

Hyper paradise - TIX by Jelmer Pietersen  
These chains can't hold me down  
Hold me back anymore  
Will dance among the sta-ars until we fall  
Say meeeeeeh from every part of me that's grounded  
Take meeee to a different state of mind  
Paradise!  
Hyper paradise!  
Paradise!

We reach for higher ground higher ground  
Away from here  
Let's set fire to the atmosphere

Tell meeee the secret to how I can find  
Show meeee how to reach the alpha-mind  
Paradise!  
Hyper paradise!  
Paradise!
