

# The Precious 2015

TIX

In a land far away  
Where the heavens meet the misty mountain  
The legend spoke of one ring so  
So powerful it would rule them all  
The Precious

We'll be victorious  
We will be glorious  
I can see fire in your eyes  
When the warriors of NB arise

The ring would bring chaos upon Middle Earth  
And set fire to the heavens  
Precious... Precious... Precious...  
The precious!

We'll be victorious  
We will be glorious  
I can see fire in your eyes  
When the warriors of NB arise

The ring would bring chaos upon Middle Earth  
And set fire to the heavens  
Precious... Precious... Precious...  
The precious!
