

# I Can't Help It

TKA

I needed your love,  
needed your touch,  
just to hold your hand  
The fear in my heart,  
tears me apart  
Oh please, just understand

And I think, I'd die  
If you say no  
We could never be  
and I dreamed I'd die  
If you say go  
And that you'll never need me

(chorus)

I can't help it, I just can't help it  
I can't help it, I just can't help it  
I can't help it, I just can't help it, no  
I need you so....  
I can't help it, I just can't help it  
I can't help it, I just can't help it  
I can't help it, I just can't help it, no

I needed your kiss,  
you've got to know this  
I mean every word that I say  
Look through the window  
Watch as you go  
Oh please don't walk away!

And I think I'd die  
If you say no  
We could never be  
And I dreamed I'd die  
If you say go  
And that you'll never need me

(chorus)

I can't help it, I just can't help it  
I can't help it, I just can't help it  
I can't help it, I just can't help it, no  
I need you so....

I'll always be there  
I'll always be there

And I think I'd die  
If you say no  
We could never be  
And I dreamed I'd die  
If you say go,  
and that you'll never need me

(chorus)

I can't help it, I just can't help it  
I can't help it, I just can't help it  
I can't help it, I just can't help it, no....

I need you so....
