Glorious

Tkay Maidza

Watching their eyes glow bright green
Go 'head and talk your talk
Me and my team, we just float
We sit above the flock
Built our throne with all your stones
We're planning for the fall
We're dancing on the wall
Till we rule it all

What do we have to lose?
Tangerine sunset, brown bag sippin'
What do we got to prove?
When we know...

We're made of gold
With aligning souls
Watch us glow
In screaming color
We break the mold
We're bright and bold
Electric gold
Oh, we're hot blooded
We're glorious

We're glorious
G-g-g-g-glorious
We're glorious
G-g-g-g-glorious

Diamond halos on our heads
And combats on our feet
Made without a silver spoon
Not richer than the kings
Roaming through the haunted grounds
So we remain unseen
Don't tell us who to be
Rebels off the leash

What do we have to lose?
Tangerine sunset, brown bag sippin'
What do we got to prove?
When we know...

We're made of gold
With aligning souls
Watch us glow
In screaming color
We break the mold
We're bright and bold
Electric gold
Oh, we're hot blooded
We're glorious

We're glorious
G-g-g-g-glorious
We're glorious
G-g-g-g-glorious

What do we have to lose?
Tangerine sunset, brown bag sippin'
What do we got to prove?
When we know...

We're made of gold
With aligning souls
Watch us glow
In screaming color
We break the mold
We're bright and bold
Electric gold
Oh, we're hot blooded
We're glorious

We're glorious
G-g-g-g-glorious
We're glorious
G-g-g-g-glorious
