

Grasshopper

Tkay Maidza

(Hahaha)

(Hahaha)

Hop out the furnace
Took years and it was worth it
Yeah, I been learnin'
Comin' out top of the vermin
I been out searchin'
Stay out if it ain't urgent
On top of the hill, I relax
Hot Wheels when I come swervin'

Never put a limit, I'ma get what I desire
Read the inner energy, you dealin' with some fire
All up in the entity, ain't no better remedy
Life blows, I won't let it be the enemy
A target, you can see I'm not a Kennedy
I got a grip on the scene so they friendin' me, frettin' me
Then they turn into my frenemies
A new day, another person feeling jealousy
That shit's gettin' straight old
But my worth get better like gold
Now my work great, greater than most
More bread, more heat, that's toast
Now I'm playing shows on a different coast
Grateful, waking up, I be gettin' calls
Can't touch me, Hammer MC
Can't stop that fire in me
Hundred degrees, ooh

Hop out the furnace
Took years and it was worth it
Yeah, I been learnin'
Comin' out top of the vermin
I been out searchin'
Stay out if it ain't urgent
On top of the hill, I relax
Hot Wheels when I come swervin'
Hop out the furnace
Took years and it was worth it
Yeah, I been learnin'
Comin' out top of the vermin
I been out searchin'
Stay out if it ain't urgent
On top of the hill, I relax
Hot Wheels when I come swervin'

Known to be working with fire
Fourth of July, light up the sky
Came and I did what I said I would do
Blood on my shoes, pardon my moves
I'm on the roof, bodies are piling up under the booth
Probably a hater that said I would lose
Probably an A&R hating the views
By any means, I attack
There is no leash on my back (No)
So I unleash all my wrath

Leaving their limbs unattached
Pass, pass, pass, add a little gas
Add a little more, light another match
Oh, she gonna blow, read it all in caps
Chokehold, I would never tap
I was cold, cold
Back then, they ain't ever wanna see me grow (Grow), grow (Grow)
Took a minute, I stared deep in my soul (Soul), soul (Soul)
Caterpillar, now a butterfly with the doors (Doors), doors (Doors)
Last year was weird, now we're doing gold

Hop out the furnace
Took years and it was worth it
Yeah, I been learnin'
Comin' out top of the vermin
I been out searchin'
Stay out if it ain't urgent
On top of the hill, I relax
Hot Wheels when I come swervin'
Hop out the furnace
Took years and it was worth it
Yeah, I been learnin'
Comin' out top of the vermin
I been out searchin'
Stay out if it ain't urgent
On top of the hill, I relax
Hot Wheels when I come swervin'
