

# Lullabies

Tkay Maidza

Locked inside a dream, too deep to run away  
Rest is for the weak, don't sleep, stay wide awake

On a high key chase with no alibi, singin' lullabies  
Don't need dreams, can't be  
But I'm speedin' past demons in the night  
Will it be okay? Will it be alright?  
Looked into the phone, made it out alive  
On a high key chase with no alibi, singin' lullabies (On a)

Crash course  
Drivin' with no conscience in my passports  
Goin' in the city like a task force  
Devil on my shoulder, I'm a dark horse  
Somebody tell me what's happenin', I'm feelin' different  
'Cause I'm goin' crazy, let's ask subtract  
Somebody give me a lot of love  
Body is in at the Maidza  
Adderall mixed with the Molotovs  
I TKO when I hit the bed  
Skippin' the rabbit hole in my head  
Foot on the gas, goin' through the red

On a high key chase with no alibi, singin' lullabies  
Don't need dreams, can't be  
But I'm speedin' past demons in the night  
Will it be okay? Will it be alright?  
Looked into the phone, made it out alive  
On a high key chase with no alibi, singin' lullabies (On a)

Ayy, ayy, I'm borderline cray, look at me pray  
Where are my idols? Where are my friends? Are they okay  
I'm here like, "Ayy, ayy, I'm borderline cray, look at me pray"  
Where are my idols? Somebody tell me what's happenin'  
I'm feelin' different, I'm hittin' the bass but I'm drift away  
Blue like the moon, Billie Holliday  
Turn up the volume to free any soul  
Watchin' the demon disintegrate  
(Yeah) Got my hair stuck to the seat, I don't stop, I accelerate  
(Yeah) Stocks goin' up, I'm an Amazon mixed with a renegade

On a high key chase with no alibi, singin' lullabies  
Don't need dreams, can't be  
But I'm speedin' past demons in the night  
Will it be okay? Will it be alright?  
Looked into the phone, made it out alive  
On a high key chase with no alibi, singin' lullabies

Locked inside a dream, too deep to run away  
Rest is for the weak, don't sleep, stay wide awake  
On a high key chase with no alibi  
On a-on a high key chase with no alibi, singin' lullabies  
On a high key chase with no alibi  
On a-on a high key chase with no alibi, singin' lullabies
