Yo, get, get up on the TLC tip Get, get up on the TLC tip Hey now

You know how to pull my chain
And I believe every word you say
But now it's time we must say goodbye
Baby I'm leaving so don't you cry

I tried to make things work
But now you're gone and your heart got hurt
Well you thought I belong to you
But you were wrong so now what ya gon' do

Bad by myself
I can do bad, bad by my damn self
I can do bad by myself
Yo I done it before and I can do it again
Sho don't need you to be my man

Don't come bangin' on my door

Now you're gone I don't want you anymore

There's no reason for you to come around

So just step off so I don't have to break it down

I know what I'm doin' now
You think you're gonna change my mind somehow
You cheated me now I'm cheatin' back
I run the show and you can kiss my
You know the rest
