

Runnin' game, I feel like an athlete  
You wanna stay, but I'm hopin' you don't catch me  
When I'm with my main, I'm hopin' you don't pass me  
And I can't change, baby, that's the sad thing  
Baby, it's the thrill of it all  
I cannot explain it at all  
But without you I'm havin' withdrawals  
It's somethin' about you I put that on God

Girl you different, you ain't nothin' like my last one  
And them bitches, you ain't miss me if I have one  
You play my moods but you don't put me in your capstone  
We just do what we gon' do, don't ask no questions  
Smoke while you suck me and I lay down  
Me no fuss, but we fuck around your makeup  
Whole time and the baby was a playa  
But I'm on the same shit, that's what make it greater  
She so nasty, the dance that she move  
Type of thang, it's not about me after you  
I don't lie, I got hoes, that's your crew  
Give me now, we gon' do what we do

Runnin' game, I feel like an athlete  
You wanna stay, but I'm hopin' you don't catch me  
When I'm with my main, I'm hopin' you don't pass me  
And I can't change, baby, that's the sad thing  
Baby, it's the thrill of it all  
I cannot explain it at all  
But without you I'm havin' withdrawals  
It's somethin' about you I put that on God

Late nights  
Now we don't have no game nights  
And if you wear that in the ocean  
Make me wanna float, and  
And I know you taste right  
Ain't no question  
Nobody, girl that you know your the one  
But you know that you cannot be the only one  
Not in this life  
No it ain't right  
But that's how it goes  
I ain't make the rules  
You ain't gotta fall for me  
If you want some company  
We ain't got to tell nobody  
More hoes right beside me

Runnin' game, I feel like an athlete  
You wanna stay, but I'm hopin' you don't catch me  
When I'm with my main, I'm hopin' you don't pass me  
And I can't change, baby, that's the sad thing  
Baby, it's the thrill of it all  
I cannot explain it at all  
But without you I'm havin' withdrawals  
It's somethin' about you I put that on God
