

# Starving

TNMK (THMK)

Tomorrow I'll be a victim  
My heart is changing the rhythm. Dynamite!  
Damn, I'm so got used to swallow all you choose

Gave her all, all I had even more  
Mmmmh... love her Spanish  
No way out!  
She always wanted more  
Craved more  
But then vanished  
I'm still starving  
I'm looking for you darling  
I'm still starving  
Hear my suffering  
You always hurt me laughing  
Hear my suffering  
I can't wait to get my fusion  
Hold me, my delusion  
Today I woke up in fever  
My hands are bitten by shiver  
Heart attack  
I'm so confused. I guess I only loose

All I could I have tried like I should, move like a shadow  
Catch me out  
You want me fucking dead? So come and get!  
Bite my head off!  
I'm still starving  
I'm looking for you darling  
I'm still starving  
Hear my suffering  
You always hurt me laughing  
Hear my suffering  
I can't wait to get my fusion  
Hold me, my illusion

Fight me  
Bite me  
Get on me  
Hurt me, baby  
Fight me  
Bite me  
Dance me  
Shout me  
I like you screaming lady  
Fight me  
Bite me

Fight me  
Bite me  
Get on me  
Hurt me, baby  
Fight me  
Bite me  
Dance me  
Shout me  
I like you screaming lady

Fight me  
Bite me

Fight me  
Bite me  
Fight me  
Bite me
