

Break The Ice

TNT

Sittin' by yourself again
Lust was in your eyes
I could never say hello
Guess I'm just too shy

Why don't you break (Break)
Break the ice
Just break (Break)
Break the ice

Every time we see each other
We always burn inside
You're so hot, like dynamite
C'mon and give me a ride

You better break (Break)
Break the ice
Just break (Break)
Break the ice

C'mon break (Break)
Break the ice
Just break (Break)
Break the ice
C'mon and break it

Why don't you break (Break)
Break the ice
Just break (Break)
Break the ice
Gotta break (Break)
Break the ice
Just break (Break)
Break the ice
