

## Everyone's A Star

TNT

Lay your cards on the table  
Show the world who you are  
Stand for the right  
'Cause baby you can never lose

In your blood it's electric  
And the power's in your veins  
You've got a chance , might as well  
Dance you know we're all the  
Same cause...

Everyone's a star  
Shinin' in the spotlight tonight  
Everyone's a star  
Everyone's alive

Like a wind from the ocean  
Feel the lightnin' in the air

Look in the mirror  
Are you the only one there

Go where you want to  
Like an eagle flyin' high  
Just take a shot  
Take it while it's hot  
All you gotta try cause...

Everyone's a star  
Shinin' in the spotlight tonight  
Everyone's a star  
Everyone's alive

Everyone's a star  
Shinin' in the spotlight tonight  
Everyone's a star  
Everyone's alive
