

# World Of Joy (A List Of Things To Do)

To Kill a King

Be passionate yeah (yes!)  
Be positive yeah (yes!)  
Be a cog of change in these twisted times  
And don't let the weight of it  
Suffocate you or discourage you  
Now that we've found this good fight  
For God's sake smile  
If we stand together  
(If we stand together)  
Gather our families close  
If we stand together  
(If we stand together)  
You'll see that your needs are just like my needs  
They're just like my needs  
Be slow to anger yeah (yes!)  
Be quick to smile yeah (yes!)  
Be tolerant because these times are delicate  
And don't stop listening  
Don't stop talking  
Because without this we could move backwards  
Now that we found this good fight  
For God's sake smile  
If we stand together  
(If we stand together)  
Gather our families close  
If we stand together  
(If we stand together)  
You'll see that your needs are just like my needs  
They're just like my needs  
When you find your truth  
The one they could not tear from you  
Well it might be quiet or private  
Or it might be screaming, laughing  
Squeezed into this world of joy  
When you find your truth  
The one they could not tear from you  
Well it might be quiet and private  
Or it might be screaming, laughing  
Squeezed into this world of joy  
Welcome to my world of joy  
Welcome to my world of joy  
My world of joy  
If we stand together  
(If we stand together)  
Gather our families close  
If we stand together  
(If we stand together)  
You'll see that your needs are just like my needs  
They're just like my needs  
So welcome to this understated  
Short and fleeting  
Colours bleeding  
Voices screaming  
A carnival of all your dreaming  
World of joy
