

DxE Or Die

To The Grave

Don't talk to demons
I gave up discourse with dickheads
No more talk, a declaration of war
Blood for blood

This is to the grave
Know your place

Regurgitate excuses
Shut the fuck up, fucking embarrassing
Don't talk to demons, I gave up discourse with dickheads
Killers won't stop killing 'til you kill them

Fuck all you people
All are cremated equal
Fuck all you people
No more talk, a declaration of war
A declaration of war

Smash death systems
Killers won't stop killing 'til you kill them
Peace was never an option

To the grave motherfucker
DxE or die

This is a motherfucking invitation
To your great incineration
