

## Life Is Beautiful

Toad The Wet Sprocket

Come wake me up  
I have been asleep too long  
And I pray, I pray it's time  
The storm is blowing over  
It's safe to go outside

Life is beautiful, beautiful  
I could never imagine turning it away

Love will make you weak  
Make you hungry  
It'll make you need someone  
Who'll break your trust  
And call you out  
But we never get enough

Life is beautiful, beautiful  
Don't you ever surrender to the voices in your head  
Life is beautiful, beautiful  
I could never imagine i turned away
