

Amen

Toadies

Cross my heart, hope to die
With you by my side
If you run, I will find
Anywhere you hide
This is what you gave to me
I'm a wanted man
So have a little sympathy
And take my hand

Cause I know
That the day
Is coming
When you say
Amen
Amen

Held on so long to a dream
And now you've come
You and me we're all we need
We're the only ones
So hold me now
And show me how you're doing, for me
And I will pray to you
I'll lay you down and believe

And I know
That the day
Is coming
When you say
Amen

Will you say to me, "Amen"
Will you pray to me, "Amen"
Will you say to me, "Amen"
Will you say

Cross my heart, hope to die
With you by my side
If you run, I will find
Anywhere you hide
This is what you do to me
I want you now, so help me, please
And give a little sympathy
And hold on to me

Cause I know
That the day
Is coming
When you say
Amen

Will you say to me, "Amen"
Will you pray to me, "Amen"
Will you say to me, "Amen"
Will you pray to me, "Amen"

Amen

Will you say to me, "Amen"
Will you pray to me, "Amen"
Will you say to me, "Amen"
Will you say
