

## Backslider

Toadies

Bended knee  
Nine years old  
Waitin' for...  
Just one word!

I was thinkin' of all the things  
My daddy told me of  
Sin and salvation and  
Manhood and dignity...

All that time  
In the dark  
Just one word...  
Backslider!

I remember the day I stepped  
Into the water  
My daddy held me in his hands  
And pushed my head under  
And said...

Son I am  
So proud.  
Just one word...  
Backslider!

Well I opened my eyes  
And my daddy held me in his hands  
I looked up through the water  
And thought I saw Jesus, and then...

Well I threw up my hands!  
And I heard, Amen!  
And I prayed, sweet Jesus  
Don't let me become a backslider!
