

## Echo

Toadies

I am just an echo  
Of the past you let go  
You packed up and moved on  
But my allegiance is strong  
And I follow your footsteps

You can't let me  
You can't let me go  
I am only an echo  
You can't let me go  
You can't let me go

I am just an echo  
Of the past you let go  
You packed up and moved on  
But my allegiance is strong
