

Mama Take Me Home

Toadies

Did it make you scared when you left home?
Does it get easier the further you go?
So lay down your head wherever you roam
Are you lonely but never alone?
Never alone

So you're in control, at the wheel now
It don't matter, you never learned how
I give it up to you, it looks like you won
Take nothing for granted cause you're not done
Cause you're not done

On the outside
Wasting time
Looking for a sign

Now you've gone
And lost your way
So you pray

Mama, take me home
Mama, take me home
Mama, take me home
Mama, take me home

Mama, take me home
Mama, take me home
Mama, take me home
Mama, take me home

Mama, take me home
Mama, take me home
Mama, take me home
Mama, take me home

Mama, take me home
Mama, take me home
Mama, take me home
Mama, take me home
