Toadies

[?] for what was coming  
Hit me right between my eyes  
And when I woke up, a Sunday morning  
The sun was burning up the sky  
I got it

I got a feeling  
I got a feeling  
I got a feeling  
Way down inside

Now muddy waters have been parted  
I'm standing here with unwashed hands  
Open arms and open hearted  
With the calm of an innocent man

I got a feeling  
I got a feeling  
I got a feeling  
Way down inside

Sentimental  
Sentimental  
Sentimental  
Way down inside  
Sentimental  
Way down

That's all I got now  
No more to say to you  
I put it all right on my sleeve  
And you can take it  
And you can waste it  
Or you can throw it back on me

I got a feeling  
I got a feeling  
I got a feeling  
Way down inside

Sentimental  
Sentimental  
Sentimental  
Way down inside  
Sentimental  
Way down

That's all I got
