

# Take Me Alive

Toadies

Hold me just a little bit tighter  
Squeeze me just a little bit tighter  
Hold me just a little bit tighter  
Tighter, tighter  
Like that

Love me just a little bit longer  
Stay here just a little bit longer  
Lay here just a little bit longer  
Longer, longer

Give me a little time, give me a little love  
I'll give it all right back, and plenty enough  
Hey  
Take me alive  
Take me alive  
Take me alive  
Take me alive

So raise me just a little bit higher  
Take me just a little bit higher  
You make me just a little bit higher  
Higher, higher

Give me a little time, give me a little love  
I'll give it all right back, and plenty enough  
Come on  
Take me alive  
Take me alive  
Take me alive  
Take me alive

Take me alive  
Take me alive  
Take me alive  
Take me alive

So hold me just a little bit tighter  
Squeeze me just a little bit tighter  
Hold me just a little bit tighter  
A little tighter, tighter

Give me a little time, give me a little love  
I'll give it all right back, and plenty enough  
Come on  
Take me alive  
Take me alive  
Take me alive  
Take me alive

Take me alive  
Take me alive  
Take me alive  
Take me alive

Take me alive  
Take me alive

Take me alive  
Take me alive

Yeah
