

When I Die

Toadies

When I die
Don't bring me down
Meet me on the lower side of Uptown

When I die
Be my friend
Don't you dare push me in the deep end

You can break my heart
While I'm alive
Just hold me tight
When I die

When I die
Don't you bring me down
Meet me on the lower side of Uptown

When I die
Be my friend
Don't you dare push me in the deep end

You can break my heart
While I'm alive
Just hold me tight
When I die

So break my heart
Make me cry
Do your worst
I'll be fine
Just break my heart
While I'm alive
And hold me tight
When I die
