

Ouu

Southwest southwest look

I eat beats watch me dine in, shining  
I illuminate the rooms that I'm in, timing  
Lowkey ain't more crucial than alignment  
That's why the flow is intertwined with both an I'm defiling  
Every beat I'm on  
Even though I know it's wrong  
To treat rappers like a napkin  
After I've pissed on commodes  
Then I wipe what's on the toilet  
Can't decipher if you know  
That my life is tied to giving hoodlums  
Life despite the hoes, that their sights are fixed upon  
To give them pipe out of control  
But the plight we abide in has almost wiped our frontal lobe  
Of our heritage, rare are kids like me who grow up savage  
That got embarrassed  
When they went to they patna crib  
And seen they mattress had a bedframe  
Shoutout to those who told me tobe was a pet name (what's your name)  
Tobechukwu Dubem Nwigwe is my correct name  
Praise God for follies of my colleagues that embody everything I overcame  
Blowing that ganji to suppress pain

Ouu

But I was weak tho  
So on occasion purple haze would keep me warmer than a pea coat, Debo  
Shouldn't be what you portray when you placebo  
But now my flow the cheat code  
Every bar is worth a kilo, ouu

Every bar is worth a kilo, ouu  
Every bar is worth a kilo, ouu  
(Say it louder so they all can hear you, what's your name?)  
Tobechukwu Dubem Nwigwe is my correct name

Yea yea look

Hit the ground running like a halfback, matte black  
P365 In my Knapsack, Blast at  
All who tried to harm me, I don't scrap cats  
How I drop two kids and I still snapback  
Had to have these girls, don't think my pen dead  
Hard to sleep on me like a twin bed  
Was broke now I ball like a skinhead  
You only get one shot that's what slim said  
I only had one wish word to Ray j  
To vacate anything that gave way to poverty  
You can tell I move with sovereignty  
Obviously I'm an anomaly  
Every bar I spits a novelty  
We don't ride the wave we create it  
That's how we made it to Beyonce playlist  
Tobe used to have some open cases  
But now we got a crib with open spaces  
And I got a grill with open faces far from basic

Been influenced by the city with the spaceships  
Never going back to the grave shift or the slave ship  
I'm bout to be on a 1st name basis with Beyonce yuh  
I'm bout to be on a 1st name basis with Beyonce  
We bout to be on a 1st name basis with Beyonce

Went from boys to men word to Wayne  
Whole hood screaming Tob don't go Kanye  
H town texas with the flow do it grande  
Otologbabukwegi on your head is what my mom say  
Gorilla on the beat I go harambe  
Stacy Adams head to toe on my prom day  
2 kids life wilder than deante  
Before I die I'm tryna get a verse from Andre  
Coach Bombay I done been with mighty ducks  
But my baby mama swan aphrodited up  
If it's a issue pack a pistol keep it tightly tucked  
Cause they'll try to early dismiss you on ya nightly run  
Or your daily run  
Either way it's tragedy  
Please don't try to take my life that's a catastrophe  
On my soul ain't no hoe in my anatomy  
And put that on everything like Tony Chachere's

Cut the beat  
Cut the beat  
Cut the beat
