It's a new dawn
It's a new day
Yeah

It hit me like ohh

I swear it hit me like ohh
And I be like ohh
I swear it hit me like ohh
It hit me like ohh
It hit me like ohh
And I be like ohh

Look they say money can't buy you happiness
But I swear to God it's a good down payment
Tryna stuff so many Benjamins in my pocket you swear I'm out here try
na drown Franklin
I was breed in the [?]
Got fear it would cause
Now you won't play the pound cake
Told me [?] but I swear to God I ain't ever found Satan
This feel like Heaven on Earth
I'm getting change like a clerk
Boy I was raised in the dirt
Still ain't a stain on my shirt
Little pappas be out on my [?]
I do not give them a nickel
I give them murder dismissal
I'm about my cheese like a pentro
Look I'm poppin
Back up on that bull I could taste it
I swear I hate it ever mirror twisted my reflection
Gold racks gold chains gold bottles in my sections
Swear that money Danny Glover what that mean
Lethal weapon this inception
Dollar boys ain't real
Everybody on your meat but your meat is on the grill
Boy you burn it
Do your people worse than [?]
You should chill
Never sacrifice my soul for another bill
Boy I'm gone
Woo!
