

## Location Flow

Tobe Nwigwe

Yeah

Look, I gave Fat the location to my heart  
And she got that inner jiffy, that's a peanut butter car  
She a star, matter of fact, more like a galaxy  
So naturally, I enter into her space, latch on her waist like c  
alories, ouu  
Only sacrifice greater than her was cavalry  
Jesus Christ, my Lord would be proud of me  
Undoubtedly I'm proud to be the only one that can make her reco  
nsider  
Even though I used to be quick to them draws like gunslingers,  
ouu  
Loud the clip then bang, whole ship done sank  
In her little fish tank of love, but lowkey it can feel like an  
aquarium  
If ever she need space in her room then planetariums  
Is what I'm after, but I'd much rather give her all of me  
This sky-  
high love done made me skydive, and now I'm fallin' free  
Often we find ourselves so supernaturally lost in thee  
Thoughts that we made it this far and 'bout to be lawfully  
Wedded, forget it if you ever gonna step to me  
She ignite my fire and like Mya she get the best of me  
Rest in peace any obstacle you think love can't tackle  
The only time she stresses me is when she drive through traffic  
She be actin' like we 'bout to die  
I just look at her and ask her why  
Fasten my seatbelt and think as the time passes by  
How we all wanna touch the sky, but be scared to fly  
Ouu, I swear this ain't for everybody  
But me and Fat relationship gon' be forever poppin'  
'Cause we ain't out here just emotional as ever  
We live by principles and got coaches to guide us through the w  
eather  
When it's stormy or I'm performing poorly  
They'll inform me or at least warn me that I'm fallin' off  
I think it's corny when nobody in your circle can't approach yo  
u properly  
Tell you you movin' sloppily, get back to who you ought to be  
I'm gone, yep
