

# WE GOT NEXT

Tobe Nwigwe

Been on my way for a while now  
I took steps  
(ouu)  
And I know you've waited a long time  
But don't fret  
We got next  
We got next  
(ouu)

We got-

Next, we got now  
Don't ask how, just ask when  
Take a bow, for the ones who came before us  
Cause we ain't them

I spit a hymn  
Straight at yo brim  
Nasty as phlegm  
Then I eat euro

I don't pretend, when I get a pen  
It's worth some m's, I'm talkin' plural

They  
Don't know what to do with me  
Every defender, need a eulogy  
I give my heart in perpetuity  
To all the stars from my community  
That ain't never got to shine and glisten  
But still can analyze my diction

I murder every single rhyme I'm spittin'  
I teach you how to eat like dieticians

Gimme a beat Nell  
If my feet swell  
Don't trip, that mean I'm walking on it  
If I'm derailed, I should be hailed  
As the one with bars like a swab of cotton  
For yo ears to remove the sludge

I persevered  
Through all kinds of mud

I have no fears  
I shed tears for years and then I appeared  
On those out of touch  
With what a goat look like, and I'm the ewu  
I float a good height above what they use  
To set the bar for masters who have mastered  
How to manufacture  
Classic chapters meant to capture  
Those who hope to lie in pastures
