er with one of these dimes

She a quarter
Heavy supporter
If I did sell drugs she would head to the border
Grateful that her mama never had to abort her
Faithful to the thought that we could have us a daughter

Or a son, either way she the one
My mama think I rap for fun but I'm rapping for funds
I need change if I think that change is ever gon come
She been praying for the day that I just say that I'm done

I said never, I'm way to clever
Plus I don't rap for the cheddar
When the beat drop all the sheep see a Shepard
Mad cow disease I be killin these heifers
Never seen purpose with skin black as pepper
I got the juice I got the nectar
Yellow bone hair, I got the texture
Never forget that I flow for the lepers
