

Busy

Tobi Lou

Get busy baby
I just need a little bit of time
I just need a couple minutes with ya
Get busy... Busy
What you doing right now
I just need a lil'
Get busy baby
I just need a little bit of time
Get busy
I just need a couple mins with ya
Get busy
Baby get your
Ass-Ass off the floor
That's what I'm saying
People just wanna see you have fun
That's the most fun thing
When we just see someone free
That makes us feel free

Can't you tell that I miss you
Let me know that you miss me
Tell me when can I see you
Please don't tell me your busy
(Wassup?)
We don't spend time any more
We don't spend time anymore
All you spend is cash
And it's getting bad
That's a lot of bags on the floor
We don't spend time any more
We don't get to spend no time anymore
All you spend is cash
And it's getting bad
That's a lotta bags on the floor
Ay, baby get your...
I could...

I just need a couple minutes with ya
Get busy (Ass on the floor)
What you doing right now?
I just need a little bit of time
(Ass-Ass Off the floor)
Ay... Get busy
I just need a couple minutes with ya
(Ass-Ass off the floor)
Get busy baby
I just need a little bit of time
(Ass-Ass off the floor)

I just need a little bit of time
I just need a little bit of time
We don't spend time
We don't spend time
We don't spend, spend, spend, spend, spend
I just need a little bit of time
We don't spend time any more
We don't spend time anymore

I just need a little bit of time
We not spending time
And I know you love me
You work so hard for me
But money don't mean
Money don't mean anything (Anything)
Money don't mean anything (Anything)
