Yeah
Yeah
I been gettin used ever since I was jit
Water in my view guess I need to take a dip

Chain heavy you would think my name Sexy
Yeah I'm gon' do it only if she gon' let me
Body so deadly
Lotta dead prezziess
Thumbnin' through the bands thinking who gon' represent me
Used to wanna be friendly then I had to stop pretending
Gas too high now I'm ridin' on empty
God please protect me
Baby don't forget me
Sliding with the stick you would think I'm Wayne Gretzky I'ma

Fucked up nigga
You don' wanna fuck with me
If you do I'ma get ya
Why you talking to me
If it ain't about the money
Then I really can't hear ya
Tell em go figure
If you wanna real nigga
To get at you like ha
Money talkin' like
LaDaDaDaDaDaDa

Chain heavy you would think my name Sexy
Yeah I'm gon' do it only if she gon' let me
Vibin' wit my bestie
I been in a frenzy
Fuckin' up da bag sangin' ain't nobody wit me
Used to wanna be friendly then I had to stop pretendin'
Gas too high now I'm ridin' on empty
God please protect me
Please don't forget me

Technique technician bitch ya better listen
Engineerin' every mission and I'm never missin'
No feelings, don't got em
Now I'm finna go drop em

Got da whole block flockin'
Yeah I had a lotta problems
Then I hit rock bottom
Feelin' like The Rock when he shaved his head
Ridin' wit my glock trynna raise the dead
