

# Numbers

Tobi Lou

Yeah

Bags on me like I'm doing numbers  
Cash on me like I'm doing numbers  
She say I changed like I switched up on her  
I ain't change, I just didn't want you  
Yeah

Bags on me like I'm doing numbers (ay)  
Cash on me like I'm doing numbers (ay)  
She say I changed like I switched up on her (yeah)  
I ain't change, I just didn't want you (yeah)

I just started believing in myself  
You don't know how good that shit feels  
(What is you doing?)

I'm fucking up the economy  
Doing numbers like the lottery  
All you ever did was doubted me  
And now you can't get a hold of me  
I don't even let you follow me  
Bags on me like it's Halloween  
Baby please don't bother me  
I'm in such a good creative space  
I might even take up pottery  
I'm in Australia like a wallaby  
Bags on me like I'm bout to go crazy (yes)  
I had to flex on my baby (on my baby)  
No I didn't wanna  
But you thought I needed you  
Baby oh nah nah  
You ain't Rihanna

Bags on me like I'm doing numbers (ay)  
Cash on me like I'm doing numbers (ay)  
She say I changed like I switched up on her  
I ain't change, I just didn't want you  
Yeah  
Bags on me like I'm doing numbers (ay)

They want-

They wanna shoot like I got that thang on me  
I ain't got nothing but that bank on me  
All these fucking numbers you could probably count on me  
I've been- like bitches like one, two, three (flex)  
I just did the math  
You were all I had  
I subtract your ass  
And it adds money to the bag  
Now I want a lamb  
I ain't talking bout' the car  
But the round and buttered form  
Now I got a hundred' lambs God damn  
I'm doing numbers (hundred' lambs)

Cash on me like I'm doing numbers (ay)

She say I changed like I switched up on her  
I ain't change, I just didn't want you  
Yeah
