Sadderday

Tobi Lou

Ooh, you make me feel, like a Sadderday
When I'm with you, uh, just a smiley face
How you make me feel, just like I'm okay
You don't see these tears rollin' down my face
Ooh, you make me feel, like a Sadderday
When I'm with you, uh, just a smiley face
How you make me feel, just like I'm okay
You don't see these tears rollin'

Rollin', rollin' sheesh, I ain't slept in weeks
I need rest in peace, goodnight like I'm Meesh
I'm playin' for keeps, I'm like three for three
Bring out all the brooms, hit 'em with the sweep
Please don't call my phone, hit you with the beep
I cannot be beat, try again next week
Lazier than a Sadderday (a Sadderday)
But when you hit me I just activate (activate)
Pull up in that big ol' tank (pull up in that big ol' tank)
Po-po tryna grab my plates (po-po tryna grab my plates)
I'm not tryna catch a case (I'm not tryna catch a case)
Tell my momma that I'm straight (tell my momma that I'm straight)
But I fly, like get in late
Put it in and let it bake
Big ol' booty, let it shake
And she fine let us pray (amen)

Ooh, you make me feel, like a Sadderday
When I'm with you, uh, just a smiley face
How you make me feel, just like I'm okay
You don't see these tears rollin' down my face
Ooh, you make me feel, like a Sadderday
When I'm with you, uh, just a smiley face
How you make me feel, just like I'm okay
You don't see these tears rollin'

Rollin' down my face, uh
Used to stay around your grandma place, ay
That 708, that bell entree
Taught me how to dance, told me "grab my waist"
How you pull me in, I just gravitate
But nowadays I can't find my way (that way)
Out in LA like I'm lost in space
All these moons and stars but you my Galaxy
So please just tell me what's the matter bae?
Okay I just made some cash today (cash)
But there's gotta be a faster way
Or I'll be working 'til I pass away
Graveyard shift by the way (that way)
Dark Knight, Anne Hathaway (Batman)
2AM on a Saturday (yeah)
But when you hit me, I just, yeah, I just, activate

Alexa (yeah)
Tell these niggas to get off my dick (get off my dick)
Alexa (yeah)
Tell these niggas they makin' me sick (makin' me sick)
Alexa (yeah)

Tell these niggas to leave me alone (leave a-lone)
Alexa (yeah)
Tell my city I'm on my way home

One, two, three...
