Uh, freedom, freedom
I'm just tryna get in your arms tonight, mmh
I know it's cold out here
I know it all, please have no fear
But before you leave the house you need to
Tuck in your shirt, yeah
Make sure it's pristine on your pants
Lookin' your best, yeah
Gotta be fresh and watchin' your step
Show some respect to those who serve and protect
Don't get upset and hold on a sec
Go with the breath, flow with the breath
Hang with your friends but not after 10, nah
Answer your text, don't wanna get stressed
Don't wanna get hypertension, unwanted attention
Don't get led astray, don't get fed a stray
Mama prayin' for you, baby, never forget
Get home

Still ridin', still ridin', still lookin' lookin', yeah
Still ridin', still ridin', still lookin' for me, yeah
Where you at? Where you been? Doin' work all day
Where you at? Where you goin'? Tryna get home safe
Still ridin', still ridin', still lookin' lookin', yeah
Still ridin', still ridin', still lookin' for me, yeah
Where you at? Where you been? Doin' work all day
Where you at? Where you goin'? Tryna get home safe

Uh, yeah they know where I came from, okay
Put my hood on like I'm Trayvon, okay
Still I'm outside tryna catch a play on (Multiple bands)
Any day you could catch a fade from (Multiple hands)
Ayy, not a second chance, not a second late
Ayy, I need that ándale, never on delay
Bwoy 'dem on the way so I had to skate, skate, ayy
Aimin' for the sky like I'm Galileo, Galilei
I ain't gettin' caught by no CO, PO, nah
End up in the car with a C-O-P, oh, nah
This ain't basketball, fuck goin' back and forth
In the system tryna see appeal, aye, Dios mio, ayy

Still ridin', still ridin', still lookin' lookin', yeah
Still ridin', still ridin', still lookin' for me, yeah
Where you at? Where you been? Doin' work all day
Where you at? Where you goin'? Tryna get home safe
Still ridin', still ridin', still lookin' lookin', yeah
Still ridin', still ridin', still lookin' for me, yeah
Where you at? Where you been? Doin' work all day
Where you at? Where you goin'? Tryna get home safe

All alright, all alright
Mamas cry, homicide
They don't work 9 to 5, they just tryin' to survive, okay
Play the corner 'til the coroner come
Play the corner 'til the blue suits put us in an orange one

Play the corner like number 21, where a nigga pushed D on
Ooh, you were buying Raid to go to war with pests
Lightskin roaches in the kitchen playin' hard to get
Wake up in the morning hit the green tea and the yoga stretch
If I see another 24, I'm blessed, yeah, yeah

Still ridin', still ridin', still lookin' lookin', yeah
Still ridin', still ridin', still lookin' for me, yeah
Where you at? Where you been? Doin' work all day
Where you at? Where you goin'? Tryna get home safe
Still ridin', still ridin', still lookin' lookin', yeah
Still ridin', still ridin', still lookin' for me, yeah
Where you at? Where you been? Doin' work all day
Where you at? Where you goin'? Tryna get home safe

I'm just tryna get in your arms tonight
I'm just tryna get in your arms
Just tryna get in your arms tonight, hmm
