

## Ego Slide

TOBi

You make my ego slide  
You make me feel alive  
When you posted on my side  
Maybe we'll reach those highs  
Maybe I'm petrified  
For you to see the other sides to me

I like the way you make me feel  
Can't lie, I'm fiending for you  
I like the way you make me feel  
Can't lie, I'm fiending for you

Can we chill like the feels when I touch your spine?  
I'll pull up with a pack, come unwind  
Ain't felt like this in a real long time  
Should've stepped to you quick, I had too much pride  
Take off your cool, let your ego slide  
Let the incense burn, let the smoke get high  
Get high and high and higher  
Girl, you know how get when you're that mood  
Don't know how you forget I can tango too  
Too old for chase, but I like new tricks  
Make you spin, do a twirl, land a split on the—  
You my lady of luck, but this life still a (Bitch)  
Be my peace in the night when the hip need a grip  
Couple seats in the whip, roll a blunt, hit a lick  
'Cause you my down-ass (Bitch, you know)

You make my ego slide  
You make me feel alive  
When you posted on my side  
Maybe we'll reach those highs  
Maybe I'm petrified  
For you to see the other sides to me

I like the way you make me feel  
Can't lie, I'm fiending for you  
I like the way you make me feel  
Can't lie, I'm fiending for you

It's like poetry in motion, way you open  
Doors up like a sensor, make my sense of time  
Dilate, hydrate, all in your ocean  
High off life and drunk on emotion  
3 a.m. and the bar ain't closing  
4 a.m., I think of eloping  
Before I know it, I'm riding a ten speed  
Your body a-tempt me, pour a lil' vino  
Put on a vinyl till both our heads spin  
We Dizzy Gillespie, maybe I'm Coltrane  
Approaching a slow thang, rewind each line  
Dive in the peach, now you wet like a seaside  
Stare in the deep (Uh-huh), barely complete (Uh-huh)  
Phrases I speak till you ready to be mine  
Shedding the fear and letting it clear  
In my head, in my soul, in my body, oh, yeah

You make my ego slide (Slide)  
You make me feel alive  
When you posted on my side (My side)  
Maybe we'll reach those highs  
Maybe I'm petrified  
For you to see the other sides to me

I like the way you make me feel  
Can't lie, I'm fiending for you
