

## Growth

TOBi

I call this shit post-traumatic growth  
Out of Hell, free to go  
Send a shout, I propose a toast  
To the homies on the low, locked down in a cell  
Look how we arose, we gettin' grown  
Gettin' bigger, gettin' blown, exponential growth  
Resume say lil' Tobi, holy smokes, love ain't a joke  
Self love ain't a joke  
I tell my bro (Bro-bro), hold your head  
I get you hope, I get you hope  
But I can't bring you back, no  
Not enough words said alive, that could bring you back, uh  
But I'm here, bigger  
I'm bigger and better now, yeah, yeah  
I'm bigger and better now, woah, oh, ooh-ooh  
Set across the Atlantic, this time with no shackles  
Did we betray our families?  
Beg forgiveness from ancestors, no family to access  
Four kids in the bedroom, two boys on the mattress

Yeah

Hmm, hmm, oh

I'm screamin' R-I-P Lil' P (Lil' P)

Yeah, from my living room seat

Say hi to big bro for me

Words don't stick 'til I'm stone poorly

OD, hurricane TOBi

Blow tree, feel a breeze and the, and the, and the, and the rain on me

'Cause I'm runnin' from the pressure, runnin' from the pressure, runnin' from it

Yeah, runnin' from the pressure, runnin' from the pressure, runnin' from it

Yeah, I know November, yeah, I still remember, yeah, I won't forget you

Yeah, I got your number, yeah, I never call it

Yeah, I think about it, yeah, I think that I'm good

I'm good at movin' on, good at lookin' strong

Good at pickin' pieces up since Lego blocks

I been preppin' for this moment way ahead of time

'Cause I'm good, I'm bigger and better now, yeah, yeah

Bigger and better now

Bigger and better now
