

I woke up this morning, looked at the clock and saw the hour hand move
That was how I knew, today
Would be amazing
Word to Ice Cube...
Text saying that "I'm in the mood"
Baby book a quiet room
Back shots like Ricky from boys in the hood
It's a celebration
And Iiiiii don't know no no no
It's a celebration
But this for all my dudes
All of my young boys who don't know no better
See a wise man once said to me
"If she makes you nervous in your heart
You suppose to get her"
Take photos pose together
I just want a queen
You know what I mean?
I just want a queen
I could hold forever
Go on strolls together
Stay out late, get drunk as fuck and then
Go home together
Grow together
Read Eckhart Tolle together, tell me
What's a King with no Coretta?
No Coretta hmm
I just wanna, hold you tight
Hold you tight
Go inside and whisper in your ear my dear
"I'll be yours forever"
If I only had one pair of shoes
I would run to hell and back for you
But if I was broken would you help me put my soul together
Oh you never know "no, no, no, no"
But these days no one knows no better
I propose a toast
Here's to hoping we'll be fine as we venture into the unknown, roads
together
But it seems
But it seems
But it seems
So easy from far away don't it?
I can sing to it, sing to it
Here's something you could sing to it lord
You my right hand but your left add a ring to it ah
Your first name my last name got a nice ring to it don't it?
But you fronting like you don't know
But these boys outside they don't know no better

AH
