

# Outta This World

TOBi

Text from an unknown number like  
"Pls don't forget me when you make it"  
First of all this number isn't saved yet  
Ouu you weren't with me in the basement baby  
And this a old phone but who dis?  
Niggas get betrayed like Judas, Brutus  
Keep ya guard down that's clueless  
You'll be assed out but you already knew this  
Demons from past year still can't shake em  
Might light the reefer on occasion baby  
Seasons and everything is changing  
It's hard to GO back when it's tainted ain't it?  
It's Hard to go back to Usher Raymond  
Confessing for your love in the rain and shit  
Opener done turned to the main event  
Fuck it I'm getting on a Spaceship  
Coming like

5,4,3,2,1  
I'm bouta blowwwww  
Ouu  
Blowww

At the art gallery with a pretty girl  
When the lights go out she a city girl  
When my mind goes dark she a lit it up  
Pull my paintbrush now It's a pretty world  
Keep feet planted in deep soil  
Cuz pride always come before the fall  
And that ass so fat it got recoil  
Finna take you on a. Detour  
Coming like
