

# Back In The 405

Toby Keith

Well, she left me here with nothing  
But I had that forever mmmhh  
But nothin's something special  
When we had it all together  
It wasn't about no money  
It wasn't about the kiss  
A little something bout something  
That she thought she might of missed

I rolled around in a gutter  
Sang a lot of blues  
With a hole in my soul  
And a hole in my shoes  
I was lonely  
Lonely in the 405

Then I heard it on the street  
She grew tired of the cold  
Somebody said they saw it on a Facebook post  
Said she was coming back  
But they didn't say when  
And then her sister called and told me she was moving back in

Yeah, seeing is believing, but I had my doubts  
Till my baby called me up and said she's 20 miles out  
Said she was lonely  
My baby's back in the 405

Yeah, she left Oklahoma in the middle of the night  
Tried some other lovers, but couldn't get it right  
Now she's driving in from Dallas, up I-35  
Man, I never felt so alive  
She's back in the 405  
Yeah, she's back  
Back in the 405

Yeah, now it's been a couple years  
Since she moved back to the farm  
Got a baby on her hip  
I got my baby on my arm  
We go out on the town, but we live off the grid  
Raising homegrown tomatoes, cattle, and kids

She's my kind of girl  
I'm her kind of guy  
And we finally found forever  
I can see it in her eyes  
It's all about love  
Sweet love in the 405 (sweet love in the 405)  
It's all about love  
Sweet love in the 40 in the 405 (sweet love in the 405)

Mmmmmhh (sweet love in the 405)  
Yeah, sweet potato (sweet love in the 405)  
I got a hundred dollar bill, baby (sweet love in the 405)

Back in the 405 (sweet love)

Back in the 405 (sweet love in the 405)  
Back in the 405 (sweet love)  
Back in the 405, yeah (sweet love in the 405)

Love, sweet love in the 405 (sweet love in the 405)  
Love, sweet love in the 405 (sweet love in the 405)  
Talking bout love  
Sweet love in the 405
