

Tossin' And Turnin'

Toby Keith

If I sound a little scared
Well I'm much too [?] of the moon
I'll turn on the TV
I got nowhere to be too soon

If only my friends would come by
Maybe then I would be alright
But tell me what will I do
About makin' it through tonight

While I'm tossin' and turnin'
Somewhere a fire's burnin' tonight
And they're listenin' to love songs
And runnin' away with the night
And they're makin' plans
And he's got his hands on my baby
While I'm tossin' and turnin'
Somewhere a fire's burnin' tonight

Well I went to the store, but what for
She was still gone when I got back
Now here comes the pain [?]
In a grocery sack

Long as I got daylight
I can put up a pretty good fight
Tell me what will I do
About makin' it through tonight

While I'm tossin' and turnin'
Somewhere a fire's burnin' tonight
And they're listenin' to love songs
And runnin' away with the night
And they're makin' plans
And he's got his hands on my baby
While I'm tossin' and turnin'
Somewhere a fire's burnin' tonight

While I'm tossin' and turnin'
Somewhere a fire's burnin' tonight
Oh they're listenin' to love songs
And runnin' away with the night
And they're makin' plans...
