

Cloud Nine (It's So Lovely)

Toby Lightman

Just a little hope and a little faith
A little bit of love and you got what it takes
To turn this thing around and sail ahead in a different direction
Now we're glory bound
Sweet melodies
Bringing me to my knees

Where's that a silver lining, hiding
Baby don't fail me now
We're gonna find it, why can't we
Somehow

Get to cloud nine
And never come down
Way up here we're light as a feather
Floating over all the stormy weather
On cloud nine
It's so lovely
Da da da

It's the kind of trip that you don't wanna waste
Once you've tried some, it's so hard to replace
So every day begins climbing up from the start
Are you down for the challenge
Ego's giving in
Leave it all at the door
What you needing it for

Where's that a silver lining, hiding
Baby don't fail me now
We're gonna find it, why can't we
Somehow

Get to cloud nine
And never come down
Way up here we're light as a feather
Floating over all the stormy weather
On cloud nine
It's so lovely
Da da da

I gotta hand it, I gotta hand it to you
You make me feel nice, oh so nice
I'm handin' over, I'm handin' over all of the blue
I won't think twice, I won't think twice
On cloud nine
And never come down
Way up here we're light as a feather
Floating over all the stormy weather
On cloud nine
It's so lovely
Da da da
