

## Cozy Up

Toby Lightman

Cozy up by the fire  
Turn the christmas lights down  
The only gift I desire  
Tis laying with me right now

Let it snow  
Let it snow  
Such a beautiful sight  
Cozy up by the fire tonight

It's a house full of love  
The family is all here  
We've got more than enough  
Growing stronger every year

Let it snow  
Let it snow  
Such a beautiful sight  
Cozy up by the fire tonight

Baby you make my heart more thankful each day  
'Fore the new year starts to heaven I pray  
That all in the world can find a love this right  
and cozy up by the fire tonight
