

# Whatever Happened

Toby Lightman

Oh these times are hard  
Feeling under par  
Roaming round the city  
Feeling oh so pretty  
It all remains the same  
These things we wanna change  
Will it all fall under  
Guess we'll always wonder

Whatever happened to  
Waiting on a star to fade  
Believing in the wish you made, oh oh  
Whatever happened to  
That long lost red balloon  
And the man that's on the moon, oh oh  
Whatever happened to, oh oh  
Whatever happened to you

Me and my telephone  
We're never too far from home  
In our own little bubble  
Technicolor rubble  
So where do I wanna be  
And who's the real me  
Trying hard to be witty  
Feeling so damn pretty

Whatever happened to  
Waiting on a star to fade  
Believing in the wish you made, oh oh  
Whatever happened to  
That long lost red balloon  
And the man that's on the moon, oh oh  
Whatever happened to, oh oh  
Whatever happened to you

Clinging to a four leaf clover  
Climbing up the moon so I can see  
That I don't need to do it over  
I just want to hold the memory  
Along with that innocence that I used to be  
Don't you  
Don't you  
Don't you

Whatever happened to  
Waiting on a star to fade  
Believing in the wish you made, oh oh  
Whatever happened to  
The times you were really scared  
By a ghost that was never there, oh oh  
Whatever happened to, oh oh  
Whatever happened to, oh oh  
Whatever happened to you
