

all this time

Toby Mai

You know
You know I've been
Holding back
All this time
Cause I don't think your ready for it
Ain't ready for me

I want you by my side
I want you even though our love was pain
And all this time
That you were mine
You know what could have been
You know that I've been

Holding back with everything
We could of had anything
You know
You know I've been

Holding back
All this time
Cause I don't think your ready for it
Ain't ready for me
Holding back
All this time
Cause I don't think your ready for it
Ain't ready for me

I want you in my life
I want you and your legs wrapped round my waist
And all this time
That you were mine
You know what could have been
You know that I've been

Holding back with everything
We could of had anything
You know
You know I've been

Holding back
All this time
Cause I don't think your ready for it
Ain't ready for me
Holding back
All this time
Cause I don't think your ready for it
Ain't ready for me
