

# LET IT RAIN

Toby Mai

So let it rain, baby  
'Cause that is all I need  
That is all I want from you  
You ain't gotta worry 'bout  
Nothing else, baby (else baby)

And baby, you ain't gotta think (gotta think)  
'Cause I've been thinking 'bout it lately (lately)  
And I just wanna let you know (let you know)  
That you're looking so good right now (right now)

Let me lay you down  
Girl, I swore I told you  
To let it go  
Won't you let it go, baby, let it go  
Won't you take this pain

And let it rain  
Just come my way  
'Cause I'm right here  
I'm right here, I'm right here  
So let it rain  
Embrace the pain  
'Cause I'm right here  
Oh, I'm right here

Now it's rain, baby  
And you're still all I need  
Baby, I can't hold you down much longer

So (so)

Let me lay you down (lay you down)  
Girl, I swore I told you (I told you)  
To let it go (let it go)  
Won't you let it go, baby, let it go, let it go  
Won't you take this pain (this pain)

And let it rain  
Just come my way  
'Cause I'm right here  
I'm right here, I'm right here  
So let it rain  
Embrace the pain  
'Cause I'm right here  
Oh, I'm right here

Oh, oh oh, oh oh  
Baby, let it rain  
Let it rain  
Oh no  
Let it rain
