

# Like I Did

Toby Mai

I don't wanna judge you, baby  
'Cause I've been there too  
Wouldn't wanna trust me lately  
'Cause I don't trust me too

This doesn't stop you, baby  
From telling me to come on through, yeah  
I don't know what it  
It is you want from me

She pulled me onto her body  
She told me I was enough  
I've been so caught up in problems  
Oh, baby, give me your love  
She's dancing on her own  
Got on her favorite song  
She call me up in the night and let's it go

'Cause nobody's gonna love you like I did  
Oh, nobody's gonna touch you like I did, bae  
No, no, no, no, no, no, no, no  
Oh, nobody's gonna love you like I did  
Oh, nobody's gonna touch you like I did, bae  
No, no, no, no, no, no, no, no  
Nobody

No one said it would be easy to love me, baby  
Did no one tell you I be all over the damn world?  
My baby

I've been on this earth  
For 20 years my girl  
But I have seen too much  
And I have felt too much

And someone's told you how I'm on the low  
I keep it on the low  
And now you're in my home

She pulled me onto her body  
She told me I was enough  
I've been so caught up in problems  
Oh, baby, give me your love  
She's dancing on her own  
Got on her favorite song  
She call me up in the night and let's it go

'Cause nobody's gonna love you like I did  
And nobody's gonna touch you like I did  
No, no, no, no, no, no, no  
Oh no, oh no nobody's  
Gonna love you like I did  
Oh nobody  
Nobody  
Nobody will love you, baby

Oh-oh-ah-ah, oh (Oh)

Nobody's  
No, no, no, no  
Nobody's (Oh)  
Nobody's  
Oh, oh, oh, oh, oh  
Did you miss it, baby?
